Hey did you notice that Mr. Mauthe included the wrong link in yesterday's weekly bulletin?

Yes! I look forward to the new edition of News and Notes for weeks. Can't believe he tells us the August edition is ready but then I click and it is still July's newsletter. What is wrong with him?

The release of News and Notes is right up there with a new iPhone or the next superhero movie. It's not the kind of thing that a person should toy with our emotions about...

In fairness, I know that Mr. Mauthe is one of those people who loves National Talk in an Elevator Day and it is celebrated on the last Friday of July, so maybe his mind was elsewhere.

Typical. In any case, I called the office and got the link. [Here is the link](#) to the REAL August News and Notes!

Thanks a lot. Happy Talk in an Elevator Day!  
Go Hawks!
